RESOLUTION

Read the annual report on administration of Jails and the Borstal School in this State for year 1958.

No. 2131-H.J./3R-18/61. — 12th August 196 The daily average number of all classes of prisor during the year under report was 14,349.94 aga 11,953.32 in the previous year. Government n with concern that there was increase in the admiss of short-term prisoners in the year in compari with the preceding year. 49,947 convicts, con tuting 59.8 per cent. of the total figure, was senten for a period not exceeding one month and 16, convicts, constituting 20.1 per cent. of the t figure, for a period exceeding one month but more than three months. Government h repeatedly emphasised that short-term imprisonm is undesirable as it gives no chance for reformat of prisoners. On the contrary it exposes s prisoners to the contamination of hardened convi and creates a tendency among them to commit cri again. Apart from that, the presence of short-te prisoners increases expenditure of Government wi out any corresponding return.

2. The number of prisoners convicted under t Railway Act has been increasing by leaps a bounds as shown below:—

Year and number of convicts—

1955—13,994.

1956—18,701.

1957—25,324.

1958—33,012.

There was considerable increase in the averag period of detention of both Sessions cases an Magistrate's cases in the year.

Accommodation remained a problem in the jail Though the total accommodation for prisoners in a the jails of the State came in the year under repor to 14,230 against 14,182 in the previous year an though there was decrease of 15,899 undertria prisoners during the year in comparison with th previous year, almost all the sub-jails continued t be over-crowded and the problem of finding accom modation for the jail population in the sub-jails particularly the following sub-jails, proved difficult:-

(1) Rampurhat, (2) Uluberia, (3) Diamon Harbour, (4) Basirhat, (5) Barasat, (6) Barrack pore, (7) Bongaon, (8) Ranaghat, (9) Jangipur (10) Siliguri, (11) Raiganj, (12) Balurghat (13) Alipurduar and (14) Malda.

In consideration of this difficulty Goverment are taking stes to provide larger accommodation for prisoners. A number of extensions and new constructions of sub-jails have been taken in hand. It is desirable that cases are disposed of more quickly if the problem of accommodation has to be tackled properly. Elimination of short-term imprisonments by introducing other alternatives, appears to be another solution.

The total number of juvenile and adolescent ts increased by nearly 8,000 during the year report. Government have repeatedly expressed opinion that in suitable cases juvenile adoles- convicts should be sent to the Borstal School there are adequate facilities for their training eformation or should be dealt with otherwise d of being sent to jails. Government note with that only 15 male juvenile convicts were ted to the Borstal School in the year 1958.

The daily average number of sick prisoners ie total number of deaths during the year under were 456.95 and 42 respectively as against and 39 respectively in the previous year. The works out to 3.18 per cent. for the sick and per cent. deaths in 1958 as compared to 3.62 nt. and 0.32 per cent. respectively, for the us year. The total number of convicts admitted Jail hospitals increased by 3,251. Government, er, note with pleasure that the state of health soners was satisfactory throughout the year.

Though the total cost of guarding and main- g prisoners increased in 1958 the cost of main- e per head decreased over the previous year. owever observed that the total amount earned soners from the Manufactory Department was 7.91 nP. per head in the year under report Rs 28.67 nP. per head in the previous year.

Government note with pleasure that the total r of prisoners educated in jails increased by ver the previous year.

The following deserves special mention st various reformative and ameliorative res so far introduced in all the jails of the

) Installation of a radio set with an amplifier in the Hooghly District Jail (and installation of battery-operated radio sets in a few sub-jails).

) Arrangement for supply of one pair of jail-made leather sandals once a year at Government cost to division III convicts in jails situated in the hill stations (i.e., Darjeeling District Jail, Kalimpong and Kerseong Sub-Jails).

) Extension of the probation system, originally operative in Calcutta and its suburbs and two adjoining districts of Howrah and Hooghly, to a few other districts more.

Government take this opportunity to record appreciation of the services rendered by Dr. P. was, M.B., and Dr. A. B. Rudra, Ph.D., I.A.S., pector-General, Prisons, the jail staff and the f the Prisons Directorate.

RESOLUTION

No. 9-I.—15th March 1963.—The D. V. C. Navigation Advisory Committee constituted in 1956 to examine the navigational possibilities of the D. V. C. canal from Durgapur to its outfall in the Hooghly recommended that a separate statutory authority should be set up, preferably with the Government of West Bengal as the dominant partner, for running a transport organisation and acting as a public carrier. The Government of West Bengal recognised the value of the canal as an alternative means of communication between Calcutta and the Durgapur industrial belt, and the need for creating a proper authority for operating a water transport service, but felt that, pending the enactment and enforcement of legislation for the purpose, it would be desirable to set up a Water Transport Board for tackling some of the more immediate problems relating to navigation in the D. V. C. canal, and conducting a transport service on an experimental basis either in the private or in the public sector. The Governor has been pleased to constitute a Water Transport Board with the following members, for the present:

Shri A. D. Khan, Chairman, Salt-Lakes Reclamation and Development Board, and ex-officio Secretary, Irrigation and Waterways Department—Chairman.

(1) The General Manager, D. V. C., or his representative—Member.

(2) The Transport Commissioner and Secretary, Home (Transport) Department—Member.

(3) A representative of the Port Commissioners —Member.

(4) A representative of the Finance Department —Member.

(5) The Secretary, Irrigation and Waterways Department—Member.

The Board will have as its Secretary an Officer appointed by the State Government and it will have the power to co-opt representatives of the Railways, River Steamer Companies and other Departments of Government as and when necessary. The Board will be under the control of the Irrigation and Waterways Department.

3. The Board will co-ordinate all activities in regard to the development of water transport in the D. V. C. canal and the Hooghly, and consider proposals relating to the development of traffic over the canal and particular stretches of the river Hooghly, maintenance and improvement of navigational facilities in the canal, and administrative problems arising out of the registration and licensing of inland steam vessels, movement of goods by river, amenities for passengers, fixation of passenger and freight rates, and other cognate matters. The Board will also examine the adequacy or otherwise of the control measures (if any) in force over the canal and river services, and make suitable recommendations for co-ordination and improvement. The Board will also be associated with the administration of the towing of country boats by shallow draught tugs, if and when such a project is undertaken. The Board will take up for consideration the recommendations made from time to time regarding the improvement of navigation in the D. V. C. canal and the Hooghly.

4. The Board will have its headquarters in Calcutta and meet at least once in three months, and as often as business requires.

5. The term of office of the Board will be for a period of three years from the date of this resolution.

6. The Board shall administer funds placed at its disposal by the State Government for purposes for which the Board is constituted. The Board shall frame its annual budget in such form as may be prescribed by the State Government, and shall submit the same to Government for approval by such date as may be fixed in this behalf by the State Government.

Order

Ordered that the resolution be published in the "Calcutta Gazette" and copies thereof forwarded to the Chairman and members of the Board.

Ordered also that a copy of the resolution be forwarded to all departments of Government and the Accountant-General, West Bengal, for information.

By order of the Governor,
B. N. CHAUDHURI, Dy. Secy.

DEVELOPMENT DEPARTMENT

NOTIFICATION

No. 6345/22A-1/62.—6th September 1962.—The Governor is pleased to make the following rules in respect of the Land Acquisition and Development Scheme for West Bengal.

The Rules

PART I

Introduction

1. **Introduction and scope of the scheme.**—With a view to remove the acute scarcity of developed building sites in and around the big cities, the Government of India introduced the Land Acquisition and Development Scheme late in 1959. The Scheme envisages grant of loans by the Centre to the State Governments for the purpose of acquisition and development of big areas of land to be utilised primarily for housing purposes both in the Public Sector and the Private Sector.

2. The Scheme broadly requires that land acquired and/or developed under a project in accordance with the Scheme, may be utilised and/or disposed of in the following manner:—

(a) Where requisite facilities and amenities on an adequate scale are not already available within a reasonable distance of the project, an area to the barest minimum may be utilised for the provision of community facilities like parks, playgrounds, schools, hospitals, dispensaries, welfare and community centres, places of entertainment, shops and light service industries, banks, post offices, police stations, fire stations, buildings required for the administration of the colony, cremation and burial grounds, dhobi ghats, etc.

(b) The net area after excluding the land for the facilities under (a) above and for roads, lanes and paths, shall be deemed to be the "plot area" to be utilised for housing.

(c) The size of a plot shall not ordinarily exceed 500 sq. yards.

3. (1) When allocating the "plot area" mentioned in rule 2(b) for housing of various categories, preference shall be given to the requirements of the who are eligible for aid under the various housing and slum clearance schemes, in the order of priority noted below:—

(i) Slum Clearance Scheme;
(ii) Subsidised Industrial Housing Scheme;
(iii) Low Income Group Housing Scheme;
(iv) Middle Income Group Housing Scheme;
(v) Rental Housing Scheme for State Government Employees.

(2) A limited proportion of the plots may, at the discretion of the Government, be earmarked for sale to persons not covered by any of the above Schemes.

(3) In respect of plots covered by sub-paragraph (a) above, the requirements of eligible individuals and co-operatives, particularly those who are in a position to build their houses without the assistance of any loan from Government, shall receive priority over the requirements of land for public housing, if any, under the relevant Housing Schemes.

4. Plots intended for commercial or commercial-cum-residential purposes, as well as plots covered by paragraph 3(2) above, shall be sold by public auction or open tender, or on a premium to be determined by the State Government. The profit earned thereby may be utilised to reduce the price of land for particular housing schemes enumerated in rule 3(1) above.

5. (1) The State Government have decided to implement the Scheme of the Government of India in accordance with the broad principles laid down by them in the said Scheme.

(2) Except for the plots intended for commercial or commercial-cum-residential purposes as well as the plots covered by rule 3(2) above, the distribution of the plots will be done on a no-profit no-loss basis after taking into account the cost of acquisition and overall development of the total area of land as may be involved in any particular project under the Scheme and the Government's assessment of valuation in this respect shall be final and binding.

(3) The following rules are made to regulate the distribution of plots acquired and developed under the Scheme to the members of the public or co-operative societies, private companies, etc.

6. **Short title and commencement.**—(1) These rules will be called the Land Acquisition and Development Scheme Rules for West Bengal.

(2) These rules will come into force from the year 1962-63.

(3) The word Government wherever it occurs in these rules will mean Government of West Bengal or its representative or representatives in this behalf.

PART II

Rules governing distribution of plots other than those intended for commercial or commercial-cum-residential purpose and for purpose covering rule 3(2) of these rules.

7. **Eligibility of applicants.**—(1) In respect of plots covered by rules 3(1) (iii) and 3(1) (iv) an individual whose annual income does not exceed Rs. 15,000 shall be eligible to apply for a plot under the Scheme for construction of a pucca residential house for the residence of himself/herself and the members of his/her family. A general preference will be given to applicants whose annual income does not exceed Rs. 6,000. Preference will also be given to those persons who will not require any assistance of loan from Government under any of the Schemes referred to in rule 3.

(2) Housing Co-operative Societies and Employer of industrial workers may also apply for plot for construction of houses for accommodation of the members of the society or for accommodation of their workers, as the case may be, within the same income range.

Note.—In case the number of valid applications exceeds the number of plots available under a particular project under the Scheme, a selection will be made by Government. Other things being equal, those who apply earlier will have preference. Government's decision in the matter shall be final and binding.

Exception.—No person who already owns any house or any developed homestead plot in any town in India either in his/her own name or in the name of his/her wife/husband or minor children shall be eligible to apply for a plot of land under the Scheme. Government may, however, deviate from this rule at its discretion in very special cases.

8. **Requisites for an application.**—(1) All applications under the Scheme are to be made in the form prescribed in Appendix I to these rules.

(2) All applications and correspondences relating to them are to be addressed to such authorities as may be notified by Government in respect of each individual project through publication in the newspapers and/or by other means, and shall be accompanied by a *chalan* showing payment of an application fee (non-refundable) of Rs. 25 into any Government Treasury under the head of account to be notified in each case.

10. **Salami or premium and rent payable.**—(1) The salami or premium for each plot shall be fixed and determined on a no-profit no-loss basis after taking into account the actual cost of acquisition and development of the entire area covered by the relevant Project under the Scheme after deducting from such cost the profits, if any, derived out of the sale of plots for commercial and other purposes as mentioned in rule 4 and the Government's assessment of valuation in this respect shall be final and binding.

(2) Salami from Higher Income Group to be realised as follows: 10 per cent. within a week of allotment and the balance within 90 days. The salami or premium for a plot as determined by Government may be paid by the applicant in full within 90 days or within such extended period as may be allowed by Government from the date of receipt of intimation from the Government to the effect that a certain plot has been allotted to him/her. Provided that the Government may, for sufficient cause shown to the satisfaction of the Government, extend the time limit at their discretion.
